"official" wiki still has, so while i will be
nd edits/comments over there instead i
t lines of text filled with numbers and
c) is not for me lol.

on pages is going to make that wiki
are for (or supposed to be/should be)
ge, which most comments don't fall

REPLIES

on having a comment system because
nce...almost forever. Talk pages are
less likely to want to discuss a page if
han comments.

ered comments, sure, but I prefer that
e system. It encourages more

about the lack of comments? It feels
to me at this point; I wonder if they
ments on the new one.

Heird Gloop's end. They're working on it.
