Can I contribute to the preservation of old games?

I just remembered my grandma has a day 1 OG xbox and we used to play lan on it all the time and online, it has tons of data on it and probably a bunch of games. Could this help the preservation of online content for emulators and such in some way? I remember at least 8 - 10 people playing on that thing every day and I don't know if it sti...

Decrypting 3DS eShop Title for Azahar

So Azahar removed all ability to play encrypted roms. So I have been able to decrypt most of my roms. But I am unable to decrypt or load roms from the eShop. Any ideas?
