Extract subtitles from a tv show via bazarr?

If a tv show includes a subtitle inside the video file, is there a way for bazarr to extract that subtitle and create a srt file inside the tv show folder?

Hey! Do you know if this removes the embedded subtitle from the video file?

entropicdrift • 1y ago

It doesn't modify the original media file.

It just extracts a copy of them, converts to .srt format and places the new .srt file wherever it would've put a downloaded one.
