ColeBarsen

Quality iPad Pro Cases?

Question

My lovely Speck Folio iPad Pro 12.9 case that I got just over a year ago decided it wanted to get rid of one of the corners last night. Does anyone have any good recommendations for cases that aren't brittle?

I have been using ESR's magnetic folio case. Basically Apple's copy 1:1 but has a flap over pencil so it doesn't fall off accidentally in backpack or anywhere else.

And that flap has two magnetic snap positions, one with pencil one without. So if you dont have pencil, there is no weird cylindrical gap,

I have a pitaka, I love it because it is very minimalistic and doesn't add any additional beefiness to the already big iPad.
