Eps 1-15 are live.

Not available in Germany, Switzerland, Austria (maybe the German license covers those regions) and some parts of Asia (HK, Taiwan, Macao, KR, JP).

I like this anime. So I'm glad it's getting more ways for people to watch.

Pony Canyon added that "some regions may be unavailable."

Why couldn't they tell the specific regions like how Crunchyroll says that their show will only be available in certain regions?
