Where to get subtitles only?

[Help](#)

Hello all.

First, I am not sure if this is the right place to ask, but: I'd like to get fan subs for anime I ripped from BluRay. I have hard time finding a site which has a collection of these, from various subbers.

Does anyone knows of site like this? I know of one which has subtitles in Croatian/Serbian, which are my primary languages. I would like to know a site for English subs.

EDIT: Preferably with ssa subs and collection of fonts to integrate into mkv :o) but srt will be fine.

Doubt such a thing exists. For official translations, you can check [opensubtitles.com](#) or [subscene.com](#), but they don't really deal with fansubs.

The only way I know of is to extract the text from whatever fansub you want to use via mkvtoolnix and then remux that with the videostream you want to watch. But I suspect you're gonna run into timing inconsistencies...
