Is Shure ever going to come out with GEN 3 TWS earphones?

Headphones - IEM/Earbud

I would love to have something that can turn any pair of MMCX earbuds into a wireless pair, but the AONIC 215 Gen 2's seem pretty old now and they still go for \$229 and they're never on sale.

What's the next best option these days that isn't as old and can easily be purchased?
