Windows alternative to MacOS LuLu : per app blocking outbound internet access

General Question

Any apps out there for Windows that will prompt you for apps trying to access outbound network?

Had Lulu on MacOS, really simple it just pops up whenever any app tries to access the internet and you get to decide yes or no and it will create that rule

<https://objective-see.org/products/lulu.html>

Not looking for anything complicated lol

Have you tried [Portmaster](#)?

  1  ...**jevehYFrh73636** OP • 24d ago

went through a list of programs and ended up staying with this one. thanks

 1  ...**Wasisnt** • 23d ago

This might work for you.
