Any way to get Adobe Zii on Windows?

Question

I am using Windows 10 and I don't have any money to buy any of Adobe's products. I searched "adobe cc free download reddit" and this is what came up. (big bruh moment) Anyway, I only found things for Mac, not Windows (not everyone has mac). It was fine if it was a DMG, I have 7-Zip, so I can open this file. And I saw 2 folders.. BUT, those were supposed to be .app files to open! For 7-Zip, it was just a folder, so please, can somebody give me a link or anyway to get Adobe Zii for Windows?

How can I install Adobe Apps in 2024 for free using AdobeZii? (older versions of apps, such as 2021, are okay.) I'm struggling to find good tutorials. Can you assist?
