Damn, terrible luck with the quality control! Th
all. Use the best batteries you can on this o

I totally agree on the Manta, it never looked
having that German engineering and hornin

Thank you so much for the detailed and thorough review. My husband and I just got an Atom...just arrived today. We're really looking forward to trying it tonight! I need clitoral stim to cum and it always presents a logistical problem because I have yet to find a vibe that can fit comfortably between us that will give me the stim I need when we're playing together. Thanks again 😊

Why are they comparing one of these products to a Nintendo DS? Who is their marketing demographic again? lol
