Yeah the TENS is something I would heavily research but not quite there yet. Good to hear about sensitivity, using all the vibrating stuff I have makes actual sex so much better but it still hasn't ruined it without.

Yes! Ive been looking at the fleshlight ones that sinc up to VR or even the second one they made that is a lot smaller and lighter.

Thanks for the input!

Wow confirmed on the hammerhead, I cant even fit through the larger side and doesnt have much stretch. Sucks. Do you have any other attachments youd recommend? Think I;m gonna have to bore it out or something but will kill the texture
