What happened to Saga of tanya the evil season 2?

[Discussion](#)

I really liked Youjo Senki and after it's movie I loved it. But it's been like 2.5 years after it's season 2 announcement. What happened to it? Is it canceled or did everyone left it. I heard that being done by studio nuts and they just put 3 of their works in 2023, so that means they must be active so what happened?

Gonna assume you're new to anime but anime no matter how well a season does has 0 impact on if it gets more seasons unless it reaches cult levels. Tanya the Evil is confirmed to be getting a season 2 but no information has been given on when we will get that season but the studio has announced it's in the works.

Also like Studio NUT works on multiple projects at one time. We might get another season in late 2024 or 2025.

I am still waiting and re-watching it on Crunchy as much as possible. Want the view count to only go up and encourage the production of another season.

So rules of engagement are watch, watch, repeat steps 1 & 2. Cult following lvls will be reached and we can win another season for the fatherland.

nope.... merch, merch and merch. Buy tons of merch. Merch and events in Japan is what funds the likely chances of additional seasons and sometimes the authors own pocket or his prestige alone or past popularity of the authors other works will result in more seasons.
