Is Yishi du zun good?

izfanmade, Myanime.live

Yishi Du Zun – The Sovereign’s Ascension Episode 89 english sub

I’ve read almost 400 chapters of the novel-The Sage Who Transcends Samsara. Is the donghua worth watching or is it best to stick with the novel?

I am not happy with second season. It's just off.

First season he was powerless so he has to use his super brain to solve problems.

By the end of first season he is now powerful but his brain powers have been declining this whole second season.

hahah .. thanks for the morning chuckle. Dry humor ftw!

(I agree, but still watching anyway)

Can't say that I've read the source for this series, but like most book-to-"movie" transfers, if you're a fan *reader*, watching a "video" production remake is likely going to irritate you to some degree or another. It's just something you have to accept or move on.

For instance, I refuse to watch either LoTR derivative or WoT-derivative "tv shows" because they've butchered both beyond recognition (and injected a lot of contemporary social engineering pap). And if I was a reader of the material often translated into Donghua 3D, I'd might feel the same. And I've taken issue with Scifi productions as well...

Im pretty sure the novel for that donghua is also called The sovereign's Ascension, the novel that you read belongs to a different donghua called Ancient lords

The usual! he is bullied by everyone whenever he goes just for that mark on his forehead and he has to prove to everyone he is chad, it's all the cliches.

You haven't watched all that much Donghua 3D, aye? ;)

(hint: it's all a compendium of tropes. just like its "print" fantasy-adventure forerunners, dating back a century or more, regardless of donghua == chinese animation blah blah blah), and for that matter, all the 2D cartoons, movies, and TV series

Although the duplicate story name thing is gonna screw up my Donghua list and notes.

watching the 16ep collection right now (MC is weak Isekai'd "amitahba" - *Buddhist* monk)

thanks once more for good measure. "new" titles are getting harder and harder to find

Season 1 was interesting. Season 2... at least the animation has improved now and he has become more powerful, BUT... his IQ has dropped slightly, because they decided to insert some comedy... Someone with his past, would never be a fool, but they are making him one to extend the enemy lives and recycle them...

And secondly, I am very annoyed at the female character being sooooo useless. She should be named 'Hostage', period. She is supposed to be a 'Senior', and a skilled one, yet she loses ALL fights, and he has to save her at least once every two episodes, to the point I cannot stand her anymore.

Whether the novel is just like this or not, I don't know. I never read it. But the donghua has been dropping my interest lately.

I ignored 2D donghua for a long time. I was wrong. A Will Eternal is the best donghua I have ever watched.
