No XP Gain in Party?

Question

Hi friends, new to PoE, question for you

So a friend and I are playing in a party, I'm level 20 and he's level 10. I joined his party (he's the host)

So we're running through his quests and I understand it's a lower leveled area, but it's been almost three hours and my XP bar hasn't moved a pixel. I'm not expecting massive gain but I'm pretty sure it's just frozen.

Is this just a PoE thing or is something wrong?

Appreciate all of the help <3

Check settings - gameplay. There is an option that makes you have an xp penalty if you're higher level.

I've tried it with both downscaling off and on, no difference :(

When is the new league coming and is it a good idea to get back into the current league?
