"Eh-fr-eh" That's how it's always been for me. I know this is a joke and all, but still. Discussion on pronunciation is interesting.

[EDIT] Someone elsewhere had a better breakdown of it, as "If-fret". That's about the sum of it for me.

I think Ifrit has been redeemed by his friendship with Veldora, so when will he become Rimuru's subordinate too? Can a spirit be named, too?
