Sweat proof makeup recommendations

Product Request

Hi! I'm looking for recommendations on good tricks and products for makeup to stay especially for the summer when it's hot! I am a bridesmaid this august so I'm hoping to find some products that work and fine tune my routine before then!!

recommendations.

Eyes: Tarte Tartelette In Bloom -- I have re-bought this thing *twice*.

Eye Primer : Milani Eye Primer

Concealer : Maybelline Age Rewind (the one with the pouf on the end)

Mascara: Covergirl Lash Blast waterproof / L'Oréal Paris Lash Paradise Waterproof -- Five Gallon Buckets of Onions.

Moisturizer & SPF : CeraVe Daytime Lotion (SPF 30)

Primer : ELF Poreless Putty Primer -- tin

Foundation : L'Oréal Infallible Fresh Wear

Setting Powder : Coty Airspun / Wet n Wild Photo Focus Translucent (either one works)

Bronzer : Physicians Formula Butter Bronzer

Blush : Maybelline Fit Me blush

Setting Spray : Milani Make it Last

Lipstick : Covergirl Continuous Color (I did have to reapply this occasionally)

My makeup did not budge, smudge, or transfer. Seriously. The only thing I had to apply occasionally was my lipstick, because finding something that lasted and didn't try to dry out my lips... I'm still looking. Heck, I'll take recs!

But I could walk into work, rain, snow, blazing sun (I lived in the midwest after all) and my makeup would be fine. I'd get to work, work through, and then go home. I constantly had customers asking what I was wearing/how I managed my face, b/c it always looked good.

- matte foundation that forms a film like Wet N Wild Photo Focus
- powder before *and* after setting spray
- setting spray that creates a film like [Charlotte Tilbury Q](#) (my favorite!!), Urban Decay All Nighter (same hold as Charlotte Tilbury, but more drying for my face), or Milani Make It Last (best drugstore setting spray)

I noticed that if I use setting spray, then I don't really need to powder my face every few hours because it forms a sort of film/mask on my face. If I don't use setting spray (sometimes I don't like the look of it), I will powder my face every 4 hours or so. The latter only works if you have a foundation that doesn't break up over time/wears off naturally

Another rec for the Milani setting spray. I also want to shout out the Carpe sweat absorbing face lotion. My face sweats a LOT and I like applying it to my upper lip, under my lip, on my forehead and around my hairline.

Lottie London super fake mascara was my go to last summer. I LOVE my Essence powder foundation in the heat as well as the Physicians Formula butter brow gel. And Milani makes some super long lasting cream blushes!

I recently found out eye primer works well under concealer for spots and dark circles!
