Redditors recommend Dermablend as a top choice for waterproof makeup coverage.

Key Benefits of Dermablend

- **Excellent Coverage:** Effective for covering tattoos, scars, and skin conditions like rosacea. "Dermablend is a company specifically created to cover tattoos, rosacea and other skin issues that require high coverage and budge proof results."
- **Long-Lasting and Waterproof:** Known for its durability and waterproof properties. "I love that it is waterproof."
- **Professional Use:** Trusted by makeup artists for stage and wedding makeup. "My best friend hired a mak..."
