What are you favorite budget flower brands?

I know all the top shelf brands I am looking for, but if I wanted to grab a couple oz's of sothing a little more budget friendly, what are you favs. I'll be grabing some Freshly Fine, Seed Junkie, LSF, Peninsula. What is a step below that I can get lucky with?

I feel like they raised their prices about 20-30% for a long time. Might try them again this summer

You can find the High Supply ounces on sale for \$60-\$70 sometimes, and they're well worth it. Some strains are better than others but all the bud I've had from them burns clean

thcptn • 1y ago

I got some \$39/ea stacking deals (that shouldn't have stacked but they honored it). Really impressed with it.

Glacier is the safe answer—and probably best, of late. Honorable mentions: Potters Farm, Light Sky Farms... LSF has been putting out very nice \$100 zips (as seen at Olswell, North Coast Provisions). I'd say Ripe herb based on trusted recommendations...but I've never seen any near Monroe/Adrian. Plant Nerd is also quality.

Redbud Roots has a good reputation. I only sm... assuming its a similar level of quality.

EstablishmentWest672 • 1y ago

RR was close to Glacier for a brief minute maybe a year ago...then quality dropped off. Now they're "back" with good/better flower...but prices are up 25%! I like their rosin a lot and will always buy it on sale.

On top of what others have mentioned, you can find lots of budget 8ths and half ounces for great prices at Herbara. I'd stay away from the super cheap stuff, but anything \$35 and up for a half should be good. Plus they'll let you smell and check out the bud

Various_Ad3646 • 1y ago

Glacier 🔥 just found out they opened a store in Big Rapids called the Igloo ⁷⁰⁰ they also have a rosin deli bar which is pretty cool

Highway Horticulture/ Interstate has impressed I've seen bulk pricing as low as \$30 for half an ounce of some brands, with their last batch of GMO being a disaster there was a hint of chemical smell behind the bud. If it was enough, it had been remediated. But so far, that's all I can say. SURE. Most of their stuff is smalls, but it has the potential for a higher tier. I love their Electric Peanut Butter (EPC) smalls sold for \$35 for half an ounce and it's well
